Motor Convoy Is Stalled On Road to Yuma

The United States army motor convoy which was to have come by way of Phoenix was reported yesterday by Harold Bargman, Alaricopa county engineer, as stalled in the sand dunes on the desert between Ajo and Sentinel. The engineer, who was acting as observer, said the convoy was strung out for a distance of ten miles, whereas under normal conditions it travels in a column 3,-300 feet long. One truck was reported broken down, and all jacks used in lifting and repairing vehicles of the convoy had their teeth jarred out and were useless
